## **Sale of The Hub apartments at Osdorpplein in Amsterdam**

Dear interested parties,

Thank you for your interest in the apartments of The Hub project at the Osdorpplein in Amsterdam. We would like to inform you about the sales procedure in this letter. Information about the project can be found at [www.thehub-centrumnieuwwest.nl](http://www.thehub-centrumnieuwwest.nl). There are also floorplans and an impression of the entire project so you can decide which apartment you would prefer.

If you would like to register as a potential buyer in this project, please fill in the application form on the website. It is available in your The Hub account. If you are already registered for the project, you have already made an account. If you haven't yet, you can still register by filling in the contact form on the website and then the application form.

On the application form you can fill in or complete your personal details and specify your preference(s) for a particular apartment. Once you have completed and signed the entire form, you are automatically included in the drawing of lots. After digitally signing the application form, you will receive a confirmation of your application.

Registration closes at **12:00 noon on Monday, 30 March 2020**. Lots will be drawn to assign the apartments among all candidates who have completed the application form in full before the closing date. All registrations will be treated equally rather than in order of receipt. The drawing will be done by the project notary on Tuesday, 31 March 2020. The lots will be drawn as far as possible on the basis of the first preferred choice.

If your lot is drawn, you will be informed by telephone by the broker at the latest by Friday, 3 April 2020. The broker will plan an appointment in the week of April 6 for an information talk. If you are unsuccessful in the drawing, you will be informed by e-mail at the latest by Friday, 3 April. You will be put on the list of reserve candidates. If a candidate decides against accepting the apartment assigned to them, the broker will contact a reserve candidate.
